

Vol	Issue	Page	Author	Title	Part	Category
116	2916	525	Geometer	Fixed lathe steadies		ACCESSORY LATHE
121	3051	615	Geometer	Back tool posts		ACCESSORY LATHE
114	2864	611	Geometer	Poppet Valves and Seatings		AUTOMOTIVE
114	2865	641	Geometer	Testing and Facing Valves		AUTOMOTIVE
118	2971	579	Geometer	Pinion and crown when adjustments		AUTOMOTIVE
121	3031	7	Geometer	Rectifying clutch faults		AUTOMOTIVE
121	3032	33	Geometer	Pressure aids for motorists		AUTOMOTIVE
113	2848	946	Geometer	Types of Bearings		BEARINGS
114	2851	53	Geometer	Bushes and Bearings		BEARINGS
118	2967	419	Geometer	Bearings Pre-loading		BEARINGS
122	3069	539	Geometer	Some use of ball bearings		BEARINGS
125	3145	467	Geometer	Machining ball-race seatings		BEARINGS
128	3208	9	Geometer	Machining split bearings		BEARINGS
113	2836	427	Geometer	Soldering Soft		BRAZING & WELDING
114	2866	685	Geometer	Hardening and Tempering		BRAZING & WELDING
122	3074	697	Geometer	Hardening and finishing parts		BRAZING & WELDING
126	3168	393	Geometer	Uses of soft solder		BRAZING & WELDING
123	3087	293	Geometer	Standard and special dividing methods		DIVIDING & GEARS
123	3094	511	Geometer	Worm and pinion drives		DIVIDING & GEARS
126	3175	609	Geometer	Practical dividing		DIVIDING & GEARS
130	3242	81	Geometer	How to plane small gear		DIVIDING & GEARS
113	2833	293	Geometer	Drills and How to Use Them		DRILLING
113	2849	997	Geometer	Reamers and How to Use Them		DRILLING
114	2853	137	Geometer	Drilling Jigs Simple A		DRILLING
115	2888	439	Geometer	Oblique drilling		DRILLING
115	2889	477	Geometer	Further drilling methods		DRILLING
120	3006	7	Geometer	Holes on pitch circles		DRILLING
120	3023	527	Geometer	Sharpening and using drills		DRILLING
121	3037	177	Geometer	Reaming parallel taper bores		DRILLING
122	3055	107	Geometer	Contra-rotation drilling		DRILLING
122	3066	443	Geometer	Holding and supporting for drilling		DRILLING
124	3112	259	Geometer	Countersinking and deep drilling		DRILLING
124	3114	323	Geometer	Accuracy in awkward drilling		DRILLING
124	3121	545	Geometer	Accurate centring and drilling		DRILLING
124	3124	641	Geometer	Centring and drilling methods		DRILLING
126	3159	105	Geometer	Drilling and finishing holes		DRILLING
114	2852	107	Geometer	Polishing Metal Surfaces		FINISHING
126	3172	513	Geometer	Holders for polishing		FINISHING
114	2867	723	Geometer	Case hardening		FOUNDRY
117	2947	669	Geometer	Simple pattern making		FOUNDRY
117	2948	697	Geometer	Patterns for hollow castings		FOUNDRY
117	2949	731	Geometer	Wheel and pulley patterns		FOUNDRY
117	2950	763	Geometer	Patterns with fins and flanges		FOUNDRY
117	2951	795	Geometer	Halved patterns		FOUNDRY
117	2952	827	Geometer	Features of patterns		FOUNDRY
117	2953	857	Geometer	Piston core boxes		FOUNDRY
118	2954	9	Geometer	Crankcase core boxes		FOUNDRY
118	2957	103	Geometer	Castings Machining monoblock		FOUNDRY
119	3002	697	Geometer	Shrink fits		FOUNDRY
127	3184	73	Geometer	Piston patterns and core boxes		FOUNDRY
114	2852	94	Geometer	Camshaft Gear Repair A		GAS ENGINE
114	2863	557	Geometer	Valve Seating Tools		GAS ENGINE
114	2874	1019	Geometer	Fitting Core Plugs		GAS ENGINE
116	2924	811	Geometer	Balancing single-cylinder engines		GAS ENGINE
116	2925	847	Geometer	Machining simple connecting rods		GAS ENGINE
116	2926	881	Geometer	Split big-end connecting rods		GAS ENGINE
116	2927	919	Geometer	Connecting rod alignment		GAS ENGINE
117	2928	9	Geometer	Small piston construction		GAS ENGINE
117	2929	45	Geometer	Gudgeon pin locations		GAS ENGINE
117	2930	79	Geometer	Piston rings (2)		GAS ENGINE
117	2931	115	Geometer	Cylinder and piston ring wear		GAS ENGINE

117	2932	151	Geometer	Fitting piston rings		GAS ENGINE
117	2933	187	Geometer	Piston removal and fitting		GAS ENGINE
117	2943	539	Geometer	Port and valve timing		GAS ENGINE
117	2944	571	Geometer	Multi-cylinder ignition		GAS ENGINE
117	2945	605	Geometer	Twin-cylinder engine types		GAS ENGINE
117	2946	635	Geometer	Two-stroke engine proportions		GAS ENGINE
118	2955	41	Geometer	Cylinders Machining small		GAS ENGINE
118	2956	71	Geometer	Crankcases Machining small		GAS ENGINE
119	3001	667	Geometer	Valve guides		GAS ENGINE
121	3033	59	Geometer	Cams and valve gears		GAS ENGINE
121	3035	117	Geometer	Machining cylinder covers and glands		GAS ENGINE
121	3036	147	Geometer	Producing tangential cams		GAS ENGINE
121	3039	241	Geometer	Machining and finishing cams		GAS ENGINE
121	3049	543	Geometer	Engine construction details		GAS ENGINE
125	3135	169	Geometer	Making piston rings		GAS ENGINE
127	3204	717	Geometer	Points about poppet valves		GAS ENGINE
114	2859	393	Geometer	Hand Fitting Methods	1	GAUGING
114	2860	433	Geometer	Hand Fitting Methods	2	GAUGING
115	2881	195	Geometer	Radii-functions and checking		GAUGING
115	2882	229	Geometer	Contours		GAUGING
116	2907	195	Geometer	Simple gauge construction		GAUGING
116	2908	233	Geometer	Measuring internal diameters		GAUGING
118	2968	447	Geometer	Torque values Checking		GAUGING
120	3011	169	Geometer	Compasses Proportional		GAUGING
120	3028	683	Geometer	Clearances Checking		GAUGING
120	3029	715	Geometer	Micrometer Methods of adapting a		GAUGING
120	3030	739	Geometer	Micrometer anvils		GAUGING
121	3046	447	Geometer	An easily made profile projector		GAUGING
121	3047	485	Geometer	Accessories for easily made projector		GAUGING
121	3048	511	Geometer	Using the profile projector		GAUGING
121	3050	575	Geometer	Limits and fits		GAUGING
122	3065	411	Geometer	Basic squareness		GAUGING
122	3067	475	Geometer	Accuracy for angles and tapers		GAUGING
123	3083	167	Geometer	Precision in length dimensions		GAUGING
123	3098	639	Geometer	A setting-up surface gauge		GAUGING
124	3113	291	Geometer	Gauging small and medium bores		GAUGING
124	3119	479	Geometer	Large home made micrometer		GAUGING
125	3137	229	Geometer	The quality of squareness		GAUGING
125	3139	287	Geometer	Flat faces		GAUGING
125	3152	691	Geometer	Methods of gauging		GAUGING
127	3186	137	Geometer	Using a test indicator	1	GAUGING
127	3187	169	Geometer	Using a test indicator	2	GAUGING
127	3188	201	Geometer	Using a test indicator	3	GAUGING
127	3194	393	Geometer	Holder for micrometer	1	GAUGING
127	3195	425	Geometer	Holder for micrometer	2	GAUGING
127	3196	457	Geometer	Lever-type indicators		GAUGING
129	3230	234	Geometer	Straightedge and surface plate		GAUGING
129	3232	307	Geometer	Checking surface finish		GAUGING
129	3239	581	Geometer	Checking tapers		GAUGING
116	2909	269	Geometer	Dividing in the lathe		GEARS & DIVIDING
118	2970	509	Geometer	Gears Marking tests for		GEARS & DIVIDING
118	2972	593	Geometer	Ratios in gearing		GEARS & DIVIDING
118	2973	625	Geometer	Gear ratios Checking		GEARS & DIVIDING
118	2974	657	Geometer	Gears Repairs to		GEARS & DIVIDING
118	2975	689	Geometer	Gear cutting repair		GEARS & DIVIDING
118	2976	721	Geometer	Gears Lapping and grinding		GEARS & DIVIDING
118	2977	753	Geometer	Gears Checking accuracy of		GEARS & DIVIDING
118	2978	785	Geometer	Racks and worms		GEARS & DIVIDING
118	2979	817	Geometer	Racks and worms Checking		GEARS & DIVIDING
119	2980	11	Geometer	Worm threads Cutting		GEARS & DIVIDING
113	2843	727	Geometer	Sharpening Drills and Tools		GRINDING
113	2844	777	Geometer	Grinding Freehand.		GRINDING

118	2959	165	Geometer	Bores Lapping	GRINDING
118	2960	197	Geometer	Shafts Lapping	GRINDING
118	2961	227	Geometer	Lapping ends and edges	GRINDING
118	2962	261	Geometer	Lapping flat surfaces	GRINDING
118	2964	325	Geometer	Lapping contours	GRINDING
118	2965	353	Geometer	Lapping tapers and scalings.	GRINDING
119	2988	265	Geometer	Jigs Simple grinding	GRINDING
119	2989	297	Geometer	Rocker grinding set-ups	GRINDING
119	2990	327	Geometer	Grinding spherical and annular radii	GRINDING
119	2991	359	Geometer	Grinding flat and parallel faces	GRINDING
119	2992	391	Geometer	Grinding angular faces	GRINDING
119	2993	419	Geometer	Grinding square and vee faces	GRINDING
119	2994	455	Geometer	Grinding on the bench Drill	GRINDING
119	2995	483	Geometer	Tool grinding Simple	GRINDING
119	2996	517	Geometer	Rotation and dressing in grinding	GRINDING
119	2997	545	Geometer	Grinding Simple cutter	GRINDING
124	3120	511	Geometer	Lapping bores and shafts	GRINDING & SANDING
127	3203	681	Geometer	Grinding and setting tools	GRINDING & SANDING
129	3235	427	Geometer	Surface grinding	GRINDING & SANDING
